

We learn and pray, in faith and love

23.6.2023

Dear families,

Key Stage 1 and 2 Sports Day

For the first time in a very long time, we managed to have Sports Day on the actual day we planned it - no postponements for bad weather! Thank you to all that attended and a huge thank you to Mr Ching who arranged the event impeccably.

World Music Day

Thank you to Mrs Burnham for organising the events in school for World Music Day. The children thoroughly enjoyed their Samba Band Drumming as well as dressing up in the colours for their chosen country to celebrate music from around the world.

Parent Governor Elections

As you are aware, St. Kentigern's is now part of the Emmaus Trust. In this capacity, we now invite applications for the role of Parent Governor. Today, you will all receive letters via Parents App which explains the process and candidate nomination forms. All nominations must be returned to school by Thursday 29th June at 12.00pm. If we receive more than two applications, the process will go to a vote which will commence on Monday 3rd July. Please note, the role of Parent Governor is to work with Foundation Governors in order to best support the school. The role means that you are a parent representative however, it is not a forum for raising individual parental concerns. This, as you know, is managed through a different process. If you have any queries regarding this, please do not hesitate to contact me.

Right of the Week

Article 27 The right to food, clothing and a safe home

Every child has the right to a standard of living that is good enough to meet their physical, social and mental needs. Governments must help families who cannot afford to provide this.

Year 5 Scientists

Today, Year 5 were visited by a material scientist from the University of Manchester. The children took part in workshops to investigate what materials would be best suited to make a spacesuit with and what materials would be most appropriate to build with on another planet.

A Message from Fr. Michael

Hello and I hope everyone is well and enjoying the weather and caring for each other. This week we had the longest day of the year, almost 19 hours of daylight, and in this week of day light we celebrate the feast of the Nativity of St John The Baptist, which means six months to Christmas! What a thought in these lovely summer days. Yet that is the plan of Mother church, that we always have our thoughts on the light that God provides for us. The creator has created a world of light and shade and dark for us, so that we may live as one, enjoying and celebrating the beauty of these days, giving thanks every day, in school and at home, to our Lord God, so close to us, giving love and compassion. Enjoy this weekend and celebrate these long days; celebrate our God close to us. St Kentigern, pray for us.

With continued best wishes,

Madeine Muldoon

Mrs Muldoon
